---

ruler, Emperor Charles IV, has plunged the kingdom into dark times: war, corruption, and discord are tearing this jewel of the Holy Roman Empire apart.

One of Charles' sons, Wenceslas, has inherited the crown. Unlike his father, Wenceslas is a naive, self-indulgent, unambitious monarch. His half-brother and King of Hungary, Sigismund the Red Fox, senses weakness in Wenceslas. Feigning good will, Sigismund travels to Bohemia and kidnaps his half-brother. With no king on the throne, Sigismund is now free to plunder Bohemia and seize its riches.

In the midst of this chaos, you're Henry, the son of a blacksmith. Your peaceful life is shattered when a mercenary raid, ordered by King Sigismund himself, burns your village to the ground. By bittersweet fortune, you are one of the few survivors of this massacre.

Without a home, family, or future you end up in the service of Lord Radzig Kobyla, who is forming a resistance against the invasion. Fate drags you into this bloody conflict and shoves you into a raging civil war, where you help fight for the future of Bohemia.
